In A Unique Format.

Neoflex Interweave Series is supplied in 1200 mm x 200 mm modular planks.

With five unique planks, designed to be laid at random, a truly sophisticated floor can be created that avoids repetition.

Fit for Purpose.

Neoflex Interweave Series is purpose-built to be durable, comfortable, slip and indent resistant, as well functional.

It does not dent or crack when subjected to impacts and at the same time reduces ambient noise, step noise, reverberation, noise transfer and vibration transfer creating a pleasant and restful environment.

Standard Colors.

Neoflex Interweave Series is available in a wide variety of standard colorways that utilize two pattern colors printed over a black EPDM rubber base.

The below color swatches are meant to give you a first impression of colors and materials. Experience has shown, however, that printed versions of colors cannot in all cases faithfully reproduce the color appearance of the originals. We therefore recommend that you consult your Neoflex partner on your preferred color choices, who will be happy to show you original samples and assist you.

Standard Thicknesses.

Neoflex Interweave Series is manufactured in 2 thicknesses, each designed to be used for different fitness flooring applications.

All thicknesses utilize a 2.5mm EPDM top layer. 6mm thickness consists of a 2.5mm EPDM layer laminated to a recycled SBR rubber underlay.

If thicker product is required, rubber underlay can be supplied in rolls, and Neoflex Interweave Series can be adhered on top.

Limitless Potential.

Combining great ideas, cutting edge design, and an eye for functionality, Rephouse manufactures rubber flooring products in many varieties other than Neoflex Interweave Series.

Rephouse manufactures a complete range of commercial rubber flooring solutions. To find out more about these floors, contact your Neoflex partner who will be happy to advise.
