

RUBBER FLOORING  
IN PLANKS

NEOFLEX  
**WOOD**  
SERIES

# Neoflex Wood Series.

Neoflex™ Wood Series is a 100% EPDM rubber floor covering made of polymerically bound synthetic rubber, which incorporates an advanced polyurethane coating technology.

Designed for use in indoor fitness and leisure settings, it exhibits excellent physical properties of EPDM rubber floors such as user comfort, flexibility, durability, sound insulation and step noise reduction.

Neoflex Fitness Flooring is globally recognized as a superior product of an ISO 9001 & ISO 14001 certified manufacturer of rubber flooring for 33 years.

## Inspired by Nature.

Inspired by the knots and grain of mature oak wood, and designed to evoke a complex reinterpretation of traditional wood textures.

Neoflex Wood Series showcases exquisite color combinations across its 56 colorways, giving the floor a strong presence that is at once both dramatic, yet reassuring.

# In A Unique Format.

Neoflex Wood Series is supplied in 1200 mm x 200 mm modular planks.

With five unique planks, designed to be laid at random, a truly sophisticated floor can be created that avoids repetition.

## Fit for Purpose.

Neoflex Wood Series Fitness Flooring is purpose-built to be durable, comfortable, slip and indent resistant, as well functional.

It does not dent or crack when subjected to impacts by free-weights or kettle-bells and at the same time reduces ambient noise, step noise, reverberation, noise transfer and vibration transfer creating a pleasant and restful environment.

# Standard Colors.

Neoflex Wood Series is available in a variety of standard colorways that utilize a colored pattern printed over a black EPDM rubber base.

The below color swatches are meant to give you a first impression of colors and materials. Experience has shown, however, that printed versions of colors cannot in all cases faithfully reproduce the color appearance of the originals. We therefore recommend that you consult your Neoflex partner on your preferred color choices, who will be happy to show you original samples and assist you.

## Standard Thicknesses.

Neoflex Wood Series is manufactured in 4 thicknesses, each designed to be used for different fitness flooring applications.

All thicknesses utilize a 2.5mm EPDM top layer. 6mm, 8mm and 10mm thicknesses consist of a 2.5mm EPDM layer laminated to a recycled SBR rubber underlay.

If thicker product is required, rubber underlay can be supplied in rolls, and Neoflex Wood Series can be adhered on top.

## Limitless Potential.

Combining great ideas, cutting edge design, and an eye for functionality, Rephouse manufactures rubber flooring products in many varieties other than Neoflex Wood Series.

Rephouse manufactures a complete range of Fitness Flooring solutions. To find out more about these floors, contact your Neoflex partner who will be happy to advise.
